

Congratulations last week's winner: Isabel, 6LM. The correct answer was 36 rectangles. Well done for all correct entries!

Puzzle of the Week

WB 20.11.17

Steven's lucky number is 7.

How many three digit numbers are there that contain at least one 7?

Entries on a piece of paper with your name and class into 'Puzzle of the Week' box, next to the lower street computer. Good luck!
