

# School Council minutes

Thursday 9th November - 5G classroom 9.15-9.40

## 1. Welcome to all reps

- Review of last meeting's actions

## 2. Behaviour Policy update and poster ideas

Some great ideas were shared by all children about some posters they would like to see around school. Year 4 are focussing their work next week on creating posters that will be written in a positive way.

All reps need to ask fellow classmates to create some posters to bring back to the SC meeting next week. We will then decide which ones we would like to put around the school with Mrs Badger.

## 3. Sophia and Iris - 'The Big Shift' idea

Sophia (5G) attended the meeting and told us about the charity and their focus - petitioning against investment in fossil fuels and instead investing in renewable energy to help tackle climate change. This is not a fundraiser however it is a petition. Mrs Glanville will put the idea to Dr Bull.

## 4. Christmas Fair

The Christmas fair was discussed and each child informed the group of what stall their class was in charge of. Only some children knew and so all reps have been asked to find out what their class are doing and report back to the SC next week.

## 5. AOB

- i. Football - Class reps reported back that their class have voted in favour of a FA Football contract to ensure everyone plays fairly at lunchtimes and break times. Mrs Glanville will contact the FA to have a copy of the rules and give to the class reps in next week's meeting.
