

Weston All Saints CE Primary School
Academic Outcomes 2017

Once again, we are delighted with our pupils' outcomes at the end of 2016-2017. We hope you will agree it continues to be a very strong picture.

This is the second year of the 'new-style' data; the measures are the same as last year: percentage of pupils reaching Age-Related Expectations (the 'expected standard' set by the government), percentage 'Working at Greater Depth', with the addition of a progress measure which shows how much progress pupils at the end of KS2 have made on average since KS1, compared with similar pupils nationally. It is important to note that a negative progress score does not mean the pupils made no progress; only that their average progress was below that of their national counterparts.

Where it exists, we have also shown the national average as a comparison.

The vast majority of measures at WASPS are well above the national average; you will see that the picture is very sound indeed, with WASPS pupils performing well above the national average.

WASPS - Summer 2017 (06.11.17)

KS2 Outcomes

Reached expected standard (Exp), Greater Depth (GDS)

	SATS						TA
